

Butterflies and Flowers Kit

Contents: Precut Card Shapes, Colouring Pens, Wobbly Eyes, Sequin Mesh, Sticky Foam Pads, Sequins, Wavy Card, Crepe Paper, Tissue Paper, Pearly Paper, Iridescent Paper, Metallic Paper, Wooden sticks, Glue, Instructions.

You will need: Scissors.

WARNING! CHOKING HAZARD - SMALL PARTS AND FOAM. NOT SUITABLE FOR CHILDREN UNDER 3 YEARS. SHARP EDGES MAY CAUSE INJURY IF MISUSED.

GLUE WARNING: Avoid contact with eyes, if this should occur, rinse with copious amounts of water for several minutes. If irritation persists seek medical attention. **For use under adult supervision.**

Ink and glue will stain. During all creative activities we suggest children wear overalls and/or old clothes, and that you cover furnishings and carpets. Stains can sometimes be removed by soaking overnight then washing with soap and warm water. Scrubbing can help. Do not use bleach, chemical cleaners or biological washing powder.

How To Make Your Butterflies

You will find it easier to prepare all the body parts for both butterflies before you start assembling them.

Making the legs

1. Use the colouring pens to colour in the leg shapes for both bugs (they are the same).
2. Bend each leg down and each foot up so that the sets of legs stand up as shown.

Preparing the body parts

1. Glue the wings shown below onto the reverse side of the pearly paper. Cut around them when they are dry.
2. Glue the other set of wings to the reverse side of the iridescent paper. Cut them out when they have dried.
3. Stick one body shape to the reverse side of the rainbow wavy card. Cut it out when it is dry. Use the colouring pens to colour in the other body shape.

4. Glue one of the head shapes to the reverse side of the metallic paper and the other head shape to the reverse side of the purple wavy card.

When they are completely dry, cut them out.

Assembling the Butterflies

Peel off the backing paper from a sticky foam pad and use this to join a body shape to a set of legs.

Fold the wing tabs under the wings and use sticky foam pads on the tabs to join the wings to the body as shown.

Idea:

You could attach the wooden sticks to your Butterflies and Flowers to make them into puppets.

Stick 2 wobbly eyes onto each head and join the heads to the bodies using sticky foam pads.

Finish your butterflies by decorating them with sequins.

How To Make Your Flowers

You will find it easier to prepare all the parts for both flowers before you start assembling them.

1. Use the colouring pens to colour in the SMALLEST 5 petal shape.

2. Carefully glue the SMALLEST 8 petal shape to the YELLOW crepe paper.

Tip:

Just use a small amount of glue spread thinly on the card so that the crepe paper does not tear.

Cut around the shape when it has dried.

3. Carefully glue the LARGEST 8 petal shape and the circle shape to the ORANGE crepe paper.

Tip:

Just use a small amount of glue spread thinly on the card so that the crepe paper does not tear.

Cut around the shapes when they have dried.

4. When the circle shape is completely dry glue the crepe paper side to the sequin mesh so the crepe paper can still be seen through the mesh.

Tip:

You may find it easier to add a line of glue just around the outside of the circle shape and gently press the sequin mesh on top.

Cut around the shape when it has dried.

5. Glue the Large 5 petal shape to the tissue paper.

Tip:

Just use a small amount of glue spread thinly on the card so that the tissue paper does not tear.

Cut out the shape when it is dry.

6. Glue the leaf shapes to the GREEN crepe paper.

Tip:

Just use a small amount of glue spread thinly on the card so that the crepe paper does not tear.

Cut out the shapes when they are dry.

Assembling the Flowers

Use sticky foam pads to join the flower shapes together as shown below.

Decorate your flowers with sequins.

Idea:

You could attach the wooden sticks to your Butterflies and Flowers to make them into puppets.
