 - 6 Eyes (2 Staring, 2 Googly, 2 Looking Up)

GAME PLAY IDEAS

DOES FUNNY FACE HAVE . . . ? (2 OR MORE PLAYERS)

Spread out the Funny Face Cards face-side up on the table.

One player is the Face Maker, the other players are the Face Racers.

The Face Maker uses the easel and the Face Features to create a Secret Funny Face.

The Secret Funny Face **MUST** match one of the Funny Face Cards on the table.

The Face Racers take turns asking questions about the Secret Funny Face.

"Does Funny Face have Blue Eyes?" "Green Hair?" "Does Funny Face have a Sad Mouth?"

As the Face Maker answers the questions, the Face Racers eliminate Funny Face Cards by flipping them over. For Example: If the Secret Funny Face does **NOT** have Green Hair, then all of the Funny Face Cards that **DO** have Green Hair are flipped over. The last face-up card is the secret Funny Face!

Last player to guess is the Face Maker for the next game. How many guesses did it take?

FACE RACE! (1 OR 2 PLAYERS)

Place the Funny Face Cards face-side down on the table and mix them up.

Each player uses one set of Face Features and one side of the easel.

One of the players says "Face Race!" and turns a Funny Face Card face-side up.

Each player races to make a Funny Face that perfectly matches the Funny Face Card!

FUNNY FACE GRAB! (2 OR MORE PLAYERS)

Spread out the Funny Face Cards face-side up on the table.

The Face Maker secretly creates a Funny Face on the easel which matches one of the Cards. The Face Maker says "Face Race!" and quickly turns the easel around.

The first player to grab the matching Funny Face Card makes the next Funny Face!

FUNNY FACE-OFF! (2 PLAYERS)

Players each pick a Funny Face Card (don't peek!) and stick it to his/her headband.

Each player uses one set of Face Features and one side of the easel.

Players take turns asking their opponent yes or no questions about their Funny Face.

"Do I have Yellow Hair?" "Do I have a Pointy Pink Nose?"

If your Funny Face does **NOT** have Yellow Hair, remember by placing the Yellow hair to one side.

If your Funny Face **DOES** have a Pointy Pink Nose, attach that nose to the blank face on your side of the easel.

Keep asking questions until one of you has a complete Funny Face.

When your Funny Face is complete, remove the Funny Face Card from your head.

If it matches the Funny Face on your easel, you win!

These are the missing mouths
