

Sticky Whiskers!

Age: From 3 years

Contents: 2 cat masks (1 yellow, 1 green),
9 mice (3 yellow, 3 green, 3 orange), 1 die

MICE AND DICE

- Arrange the mice on either table top or floor. You can place the mice close together or far apart (you can scatter them around the room if you like!)
- Pick a cat mask and put it on.
- Youngest player goes first.
- On your turn, roll the die. If you roll a coloured square, you have one chance to pick up that colour mouse with your sticky whiskers, without using your hands! (Younger children may use their hands to attach mouse to whiskers.)
- If you pick up correct coloured mouse, take it off your whiskers and place it in front of you. Next player takes turn.
- If you do not catch your mouse, next player takes turn.
- If die lands on **PICK ANY MOUSE**, you may try to pick up any colour mouse.
PICK ANY TWO MICE, you have two chances to pick up two mice of any colour.
LOSE A MOUSE, you must return one of your mice to the table or floor.
- If die lands on a coloured square and there are no mice of that colour left, you lose your turn.
- When all the mice have been captured, count your mice. Player with the most mice wins!

*For Extra Challenge

Keep the mice that you pick up stuck to your whiskers and continue to collect mice.
If a mouse falls off your whiskers trying to catch another one, return the fallen mouse to the centre.

MICE AND MASK MATCH

- You don't need the die for this game.
- Arrange mice on the floor. You can place mice close together or all over the room (or all over the house!).
- Pick a cat mask, take note of what colour cat you are. You must crawl like a cat when you play this game!
- Youngest player says, "Sticky Whiskers!". At the same time, both you and your opponent try to capture your own colour mice as quickly as you can. If you catch one of your opponent's mice, you must return it to the floor!
- When you have caught your own 3 mice, you can catch the bonus orange coloured mice.
- When all the mice have been caught, count the mice you have stuck to your whiskers.
- Player with the most mice wins!

CAT AND MOUSE RELAY

- Pick a cat mask to wear. Make sure you know what colour cat you are.
- Place the green and yellow coloured mice at one end of the room.
- Set up the orange mice to mark a start / finish line at the other end of the room.
- Both players start at the start / finish line. You have to crawl like a cat!
- Youngest player says "Sticky Whiskers!". You and your opponent crawl to the mice, pick up one of your own coloured mice with your whiskers (no hands!) and crawl back to the finish line.
- Drop your mouse at the finish line and crawl back for your other two mice.
- First player to bring all three mice across the finish line wins!

! Please keep breakable items out of game play area.

! Parental supervision is recommended.
