1. All inflatable products are inflated and tested for leaks before they leave the factory, to ensure the product reaches you in perfect condition.
2. This product must only be inflated by an adult. Inflate by mouth, or using either a foot, hand pump or low pressure electric pump as appropriate. Do not use high pressure compressors, or garage air lines.
3. Repair patch with instructions included.
4. If the product develops a puncture please repair using the repair patch provided, before returning the product.
5. **WARNING** For Outdoor use only.
6. Always place on a cleared flat surface away from sharp objects and stones.
7. Do not install the paddling pool over concrete, asphalt or any other hard surface.
8. Use in an open, flat level area at least 2m away from obstacles & furniture.
9. Never Leave your child unattended - Drowning hazard.
10. Children can drown in very small amounts of water. Empty the pool when not in use.
11. Please instruct your child not to run and jump into this pool as they are likely to slip and injure themselves when they land in the pool.
